specialties

Grandpa Bright's "Salmagundi" 15.

[sal-muh-guhn-dee] - *The word 'salmagundi' is derived from the French word 'salmigondis' which means, "disparate assembly of things, ideas or people, forming an incoherent whole." This is our tribute to Grandpa Bright's original!*

We take your choice of meat, onions, peppers and hash browns and mix them all together with a blend of cheeses to create one big bowl of awesome cheesy goodness. If that wasn't enough, we top it all with 2 eggs cooked the way you want them. This is not for the faint of heart! Served with your choice of toast with butter and Nanny's Blueberry Jam.

The Castle's Famous Short Rib Hash 13.

You've heard of breakfast for dinner? Well, this is the opposite! We take The Castle's famous short ribs and combine them breakfast potatoes, grilled onions and bell peppers to make our own twist on a classic breakfast hash. We top it with 2 eggs to order and serve it with your choice of toast with butter and Nanny's Blueberry Jam.

Vegan Scramble 11.

We take Beyond® Meat and crumble it with peppers, onions, asparagus and mushrooms over a root vegetable medley. Served with your choice of toast.
